26 Nov., 1987

Dear Prof. Djerassi:

I wonder whether you could referee the enclosed paper by Gray entitled "DENDRAL AND METADENDRAL" submitted for publication as a tutorial article to CHEMOLAB.

One referee was unable to review the article within a reasonable time so has returned it to me. Because this article is somewhat long I think that, if it is not possible to review the article fairly rapidly, it would be alright if the review took 3 or 4 weeks. If you are unable to do this, can you pass it on to a suitably qualified colleague in your laboratory, since this saves time and postage in the long run? I thank you, in advance, for your help,

yours sincerely,

Dr. R. G. Brereton
